To Whom It May Concern:

I highly recommend Kenn Lucas as a candidate for employment. Kenn was employed by Avanquest Software as a Graphics Designer from 2006 - 2007. Kenn was responsible for designing and developing user interfaces for our Windows based software applications. Kenn also helped with Marketing and web site graphics.

Kenn has good communication skills. In addition, he is extremely organized, reliable and computer literate. Kenn can work independently and is able to follow through to ensure that the job gets done. He is flexible, asks questions when unclear and willing to work on any project that is assigned to him.

Kenn would be a tremendous asset for your company and has my full recommendation. If you have any further questions with regard to his background or qualifications, please do not hesitate to call me.

Sincerely,
